ADONIYAS KASSAW

COMPUTER SCIENCE STUDENT | ASPIRING MERN STACK DEVELOPER

Ethiopia | 0905058108 | adoniyaskassaw21@gmail.com
GitHub: github.com/Abissinia21 | Portfolio

PROFESSIONAL SUMMARY

Computer Science undergraduate at Wollo University, Kombolcha Institute of Technology (KIoT), developing practical skills in web development and software engineering. Familiar with frontend technologies, JavaScript-based web development, databases, and Java/C++ programming. Has built personal web projects and is contributing to requirements analysis and design documentation for a proposed student clearance management system. Seeking an internship or junior-level opportunity to learn, contribute, and grow as a developer.

TECHNICAL SKILLS

Frontend	HTML5, CSS3, JavaScript, React, Bootstrap, responsive web design
Backend	Node.js, Express.js
Databases	MongoDB, SQL Server, SQL fundamentals
Programming	Java, C++
Tools & Platforms	Git, GitHub, Linux, NetBeans

PROJECTS

BMI Calculator

Built a BMI calculator using HTML, CSS, and JavaScript, practicing user input handling and basic calculation logic. Live demo.

Personal Portfolio Website

Created a personal website using web technologies to present background, technical skills, projects, and contact information. Live portfolio.

Web-Based Student Clearance Management System for KIoT

Proposed academic project currently at the requirements analysis and design stage. Work includes documenting the existing manual clearance workflow, identifying stakeholders, and preparing functional and non-functional requirements. The system is not yet completed or deployed.
